article in your paper of the 5th in regard
to the high prices charged for meats by
butchers of this city, I would respectfully say that you must have been wrongly
informed, for no later than Saturday,
September 1st, 1877, I was at Cincinnati
and made it my especial business to inquire about the price of meats and find
them selling as follows: Loin steak, 15
cents; round steak, 12½ cents; chuck
steak, 10 cents; rossil steak, 12½ and 15
cents; boiling meat, 3 and 10 cents; which
is about the same as we sell for. But
taking into consideration that we are
further from the Western cattle country
than Cincinnail, and pay more for transportation of stock, home cattle being
very scarce, our prices therefore are
lower than Cincinnail prices.

THE SHOW TO-DAY.—W. W. Cole's circus and menagerie will exhibit on the Fair Grounds this afternoon. As this will be the first show of the kind to visit Wheeling during the present season, it is will no doubt be well patronized. Suffice it to say, then, that he realizes the importance of pleas-ing the public, and by giving a good show he has at the same time earned a well deserved reputation and a handsom competence. Of the thousands who visit Mr. Cole's great show to-day we venture to say that none will go away disap-pointed.

The Evanaville (Ind.) Journal notices the show as follows:

W. W. Cole's circus, which exhibited here yesterday afternoon and evening, was fortunate in jamming the pavilion at both performances. There must have been at least five thousand persons present at each exhibition, and consequently the company leave with a replenished and bulky exchequer. The street parade was very good and equal, to all expectations. The performances were first-class in every respect, and in several parts surpassed any circus we have had for years. It was a genuine old-fashioned affair, with just enough of menagerie attachment to advertise and attract the moral element, while the ring furnished plenty of ammeement for the godless. The athletic performances were superly, and the leaping was something unusually line, several of the performers making double somerasults as easily as single durins are made. The female gymnast, who performed on the flying rings, presented a dangerous and thrilling act, and was also unusually presentable as to personal appearance—in fact a thing of beauty in tights, so to speak. The bareback riding of Willie O Dale, and the fine jockey performance of another equestrian, were gens in their way. It was in all respects an entertainment well worthy of the price of admission, and deserves full prtronage; everywhere.

STREY M. E. CHURCH.—The large anditorium of the Zane Street M. E. Church was filled last night to its utmost capacity. The meeting was conducted by Mr. Jacob Kemple. After singing, reading of the Scripture and prayer by the Rev. Prickett, Col. Bob Love was introduced, and for an hour entertained the audience in an eloquent and pleasing manner. The Colonel has many warm friends in the city, and his speech was frequently applauded.

After more singing Mrs. Dr. Reliey came forward and was greeted with a perfect atorm of applause. This good lady is endeared to a great many people of this city by the deep interest she has taken in the cause of temperance. She spoke briefly of the past achievements of the Murphy movement and predicted grand results for the future.

The meeting adjourned to the Fourth Street M. E. Church to-night, when a regular experience meeting will be held. All the prominent temperance workers of the city will be there, including Mrs, Reiley and Robert Love.
